

Readyman Services, Inc.

## Annual Audit Report with Recommendations

For: Mr. and Mrs. Sample

July, 2010

Greetings,

Thank you for choosing Readyman Services, Inc. to provide you with your personalized H2O Audit. It's the first step towards saving natural resources and money. After careful review of your H2O habits and using your H2O Audit, we have found several ways to conserve both. Attached you will find 2 reports. The first will show you your current annual household water usage. The second will show you your annual household water usage after the recommendations listed below:

### **Outdoor**

- Currently watering with a hose 10 minutes everyday
- Readyman Services, Inc. recommends watering with a hose for 10 minutes every other day conserving 9,150 gallons of water per year

### **Kitchen/Dish Washing**

- Currently Washing dishes in the sink with running water
- Readyman Services, Inc. recommends Installing a dishwasher and washing one load per day on a normal cycle conserving 32,790 gallons of water per year

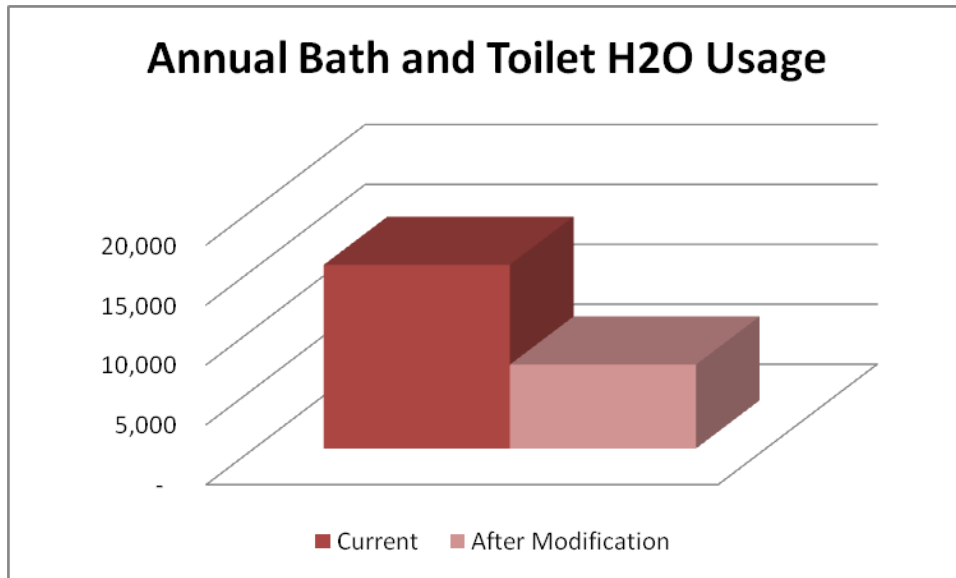

### **Shower and Toilet**

#### **Shower**

- Currently taking (14) 10 minute showers
- Readyman Services, Inc. recommends Reducing the length of your shower time to 5 Minutes conserving 9,100 gallons of water per year

#### **Toilet**

- Currently have a 3.5 gpf Toilet
- Readyman Services, Inc. recommends Upgrading to a 1.6 gpf water saving toilet conserving 14.630 gallons of water per year

#### **Overall Annual Water Usage**

- Currently using a total of 151,570 gallons of water per Year
- After final analysis and the aforementioned modifications you would conserve **59,320** gallons of water per year.

Readyman Services is dedicated to conserving our natural resources and saving you money. For an estimate and 10% off on the above modifications, please contact us at (808) 635-7713.

You may also contact us with any questions you may have about your Audit and/or Water usage.

Regards,
